RULES AND REGULATIONS FOR CONSUMPTION OF ALCOHOL IN PARKS AND PLAYGROUNDS

These are the rules and regulations under Local Law No. 1 of the year 1979 of the Village of Croton-on-Hudson.

The consumption of alcoholic beverages in all parks and playgrounds of the Village is prohibited with the following exceptions:

Non-Permit Consumption

Consumption of alcoholic beverages is permitted in the non-beach area of Senasqua and Silver Lake during the official park hours, as posted, for which the Recreation Department provides supervision.

In addition to the location and hour's restriction, the following shall apply:

1. Only the use of beer and wine is permitted - and that only in reasonable quantities for individual consumption. No kegs are allowed.
2. Beverages of any kind must be contained in non-breakable containers (remember a lot of people go barefoot at these facilities).
3. This regulation DOES NOT make it legal for people under 21 to drink. You must be legal age.
4. If a caterer is used to dispense alcohol, the caterer must have all required permits and/or licenses. In addition, the caterer must submit a certificate of insurance.
5. Boisterous conduct, horseplay, or any other activity which will interfere with the enjoyment of the facilities by others will not be tolerated.

WHEN A PERMIT IS REQUIRED

Local laws require any group or organization that wishes to use a Village park must file an application for permit. Specific regulations governing alcoholic consumption are included within the application. Any such group shall be required to apply for a permit regardless of whether or not the function is to be wholly within official park hours, outside such hours or partially within and partially outside such hours. The requirement for such permits is meant to allow for use by responsible groups, allow for appropriate scheduling by the Recreation Department and provide for acknowledgment of responsibility by each such group.

A permit may be denied to any organization or group due to any or all of the following: scheduling problems, interference with use of the park by others, any question as to the identification or responsibility of the group, need for special insurance or lack of appropriate Village coverage, and/or any special police, parking or traffic requirement. A permit, even if issued, may be revoked at any time for failure to comply with the rules and regulations.

Permits are issued by the Village Recreation Supervisor. The Recreation Supervisor may deny a permit where, in accordance with the guidelines of the preceding paragraph, the best interests of the Village and its residents would not be served by granting the permit. Any organization denied a permit, may, of course, appeal to the Village Manager.
