IMPORTANT REMINDERS

- Never swim alone or outside the guarded area.
- Silver Lake may have a strong current. Be aware of your swimming limitations, even if you are a good swimmer.
- Children need constant supervision near water; parents, relatives and guardians must provide supervision of their children even when a lifeguard is on duty.

EMERGENCY PROCEDURE DURING THUNDER AND LIGHTNING STORMS

Thunder occurs as a result of lightning. If thunder can be heard, then the presence of lightning is actual, even though it may not be immediately observed. According to the National Weather Service, a thunderstorm is considered "as ended" when there has been no sounding of thunder or sighting of lightning within the last 30 minutes and the sky is no longer dark and "threatening". Unless there are evident signs of clearing, the storm should not be considered "as ended".

In the event of thunder, all patrons will be cleared from the water and surrounding area (beach and bathhouse) immediately at the **FIRST SOUNDING OF THUNDER** or the **FIRST SIGHTING OF LIGHTNING**. No one will be allowed to congregate under trees, umbrellas or other tall objects.

Everyone will be asked to leave the facility and return to their automobiles until the storm passes. You will not be allowed to re-enter until 30 minutes after the last sounding of thunder or the last sighting of lightning and there are evident signs of clearing and the sky is no longer dark and threatening. Please follow the lifeguard's instruction; we only have your safety in mind. Thank you for your cooperation and please have a safe and enjoyable summer!

**FAILURE TO COMPLY WITH THESE RULES MAY RESULT
IN REMOVAL OF FACILITY.**
